WORK EXPERIENCE

Manager - *AMR Services* | Rock Hill, SC | May 2024 – Present

- Integrated Calendly API for automated scheduling, increasing appointment volume by 25%.
- Developed and maintained Excel-based financial tracking sheets to manage profits, expenses, and revenue, using data analysis and financial modeling.
- Designed and implemented a payroll system using spreadsheet formulas to calculate employee compensation based on job attendance and profit sharing, reinforcing logic and problem-solving skills.

Associate – *The Home Depot* | Rock Hill, SC | Jun 2022 – Present

- Provided technical and product support to 200+ customers daily, applying problem-solving skills and customer service best practices.
- Collaborated in cross-functional teams to fulfill online and in-store orders, ensuring timely delivery and stock accuracy.
- Utilized inventory management software to track SKUs and resolve logistical discrepancies with 95% accuracy.

PROJECTS & LEADERSHIP EXPERIENCE

Hotel Employee Clock-in System – *Python*

- Developed a GUI-based time-tracking system to replace a downed clock-in system for hotel staff.
- Implemented real-time attendance logging, file-based storage, and user input validation.
- Improved system availability during outages and enhanced data accuracy.

Vehicle Infotainment UI Prototype – *Java*

- Created an interactive mock-up of an automotive infotainment system with modules for media playback, navigation, and system info.
- Emulated real-world user interface flow and modular code structure for future expandability.
- Applied principles of human-computer interaction and event-driven programming.

Alumni Relations Director – *Phi Iota Alpha* | University of South Carolina | May 2024 – May 2025

- Designed and maintained alumni contact database using Google Sheets and automation tools, improving outreach capacity.
- Coordinated email campaigns and digital updates, increasing engagement with events and chapter news for 100+ alumni.
- Led technical setup for hybrid events (Zoom), enhancing accessibility and communications.
